TicsAttentional
ProblemsSleep
Disorders

✗ Don't get cross... ✓ Because I tic!

A rare opportunity to learn how to understand and manage this far from rare condition and access otherwise hard to come by resources.

Did you know Tourette Syndrome (TS) affects 1 in 100 boys and 1 in 300 girls?

TS is now recognised to be relatively common but under recognised and a major cause of hidden disability.

TSAA offers telephone and email support, and where possible we are happy to visit and talk at your school.

Come and meet your local TSAA representative and support group coordinator.

Additional resources will be available for purchase on the day.

If you are unable to attend the conference take advantage of our Education Awareness Program and order your school's FREE DVD 'What is Tourette Syndrome?'. Contact TSAA and one will be sent FREE!
